

## **Christmas Ornaments**

We have a tradition for all new scouts to bring their own homemade ornament to their first Christmas pack meeting and when they become second year Webelos they will take their ornament home from their last Christmas pack meeting. This is an opportunity for the scouts to have a keepsake from a special time in their life. The ornaments will be stored by the cubmaster and returned every year at the Christmas party for your son to hang back on the tree.

There are a few guidelines for the ornament:

1. Must be homemade
2. Must be partially blue and gold
3. Must be no more than 3" in any direction
4. Can be made of any material
5. Must contain scout's name
6. Must contain the year it was made
7. Must be ready to hang by loop or string

Be creative and inexpensive. December den leaders – this could be used as their craft for the month.
